

## Mixed addition & subtraction word problems

---

### Grade 1 Word Problems Worksheet

1. Mrs. Hilt has 4 green marbles, 2 yellow marbles and 1 red marbles. Jacob has 3 purple marbles. Who has more marbles? How many more?
  
2. Mrs. Hilt had ten pennies and found 5 more. Then she gave 3 pennies to Jacob. How many pennies did she have left?
  
3. Mrs. Hilt's favorite first grade classes are baking muffins. Mrs. Brier's class bakes 18 muffins, Mrs. MacAdams's class bakes 20 muffins, and Mrs. Flannery's class bakes 17 muffins. How many muffins does first grade bake in all? Is this an even number or an odd number?

4. Mrs. Hilt bought a candy for 5 cents and 2 bubble gums for 6 cents each. How much did she spend in all?
  
5. Mrs. Hilt made 5 Rice Krispie Treats. She used 8 large marshmallows and 10 mini marshmallows. How many marshmallows did she use altogether?
  
6. At Mrs. Hilt's house, there was 29 inches of snow, and Brecknock Elementary School received 17 inches of snow. How much more snow did Mrs. Hilt's house have?
  
7. Mrs. Hilt has \$10. She spends \$3 on a toy truck and \$2 on a pencil case. How much money does she have left?

## Answers

1. Mrs. Hilt has  $4 + 2 + 1 = 7$  marbles.  
Jacob has 3 marbles.  
Mrs. Hilt has more marbles.  
 $7 - 3 = 4$   
She has 4 more marbles than Jacob.
2.  $10 + 5 - 3 = 12$   
She had 12 pennies left.
3.  $18 + 20 + 17 = 55$   
The first grade bakes 55 muffins.  
Since 55 ends in an odd number (5), it is an odd number.
4.  $5 + 6 + 6 = 17$   
She spent 17 cents in all.
5.  $8 + 10 = 18$   
She used 18 marshmallows altogether.
6.  $29 - 17 = 12$   
Mrs. Hilt's house had 12 more inches of snow.
7. She spends  $\$3 + \$2 = \$5$  in all.  
 $\$10 - \$5 = \$5$   
Mrs. Hilt has \$5 left.
