

Addition (sums 50 or less)

Grade 1 Word Problems Worksheet

Joan was helping her little sister, Jenna, to clean up her room because it was such a mess!

1. Joan found 16 dolls in the toy box and 4 dolls under Jenna's bed. How many dolls did Jenna have?
2. The box for a set of 40 building blocks was half empty. There were only 13 blocks in the box. Joan found 9 blocks in Jenna's closet. How many building blocks did Joan find?
3. There were 23 books on the bookshelf and 5 more on the floor. How many books were there in total?

Answers

1. $16 + 4 = 20$
Jenna had 20 dolls.
2. $13 + 9 = 22$
Joan found 22 building blocks.
3. $23 + 5 = 28$
There were 28 books in total.
4. $8 + 7 = 15$
There were 15 dirty shirts.
5. $20 + 12 = 32$
There were 32 crayons in total.
6. $7 + 5 = 12$
