

Units of weight: ounces, pounds & tons

Grade 2 Measurement Worksheet

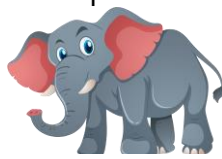

Draw lines from each object to the best measurement unit for it.

<p>A pencil</p> 	<p>A car</p> 	<p>A bicycle</p> 	<p>A tomato</p> 
---	--	---	---

OUNCES

POUNDS

TONS

<p>A donut</p> 	<p>A mug</p> 	<p>An elephant</p> 	<p>A television</p> 
--	--	---	---

Note: We measure lighter objects (like pencils) in ounces, heavier objects (like a printer) in pounds and much heavier objects (like a car) in tons.
