# Subtraction sentences

Grade 2 Subtraction Worksheet

There are 20 balls. How many are blue? Circle the two equations that would help answer the question and write the answers.
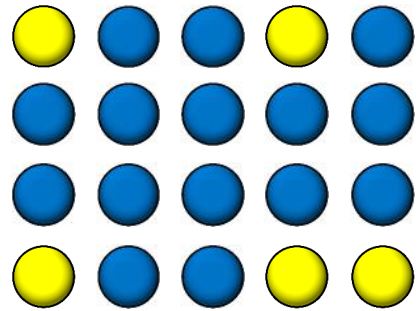

20 - 3 = ____

20 + 3 = ____

____ + 3 = 20

3 - 20 = ____

5 + ____ = 20

3 + ____ = 20

20 - 3 = ____

20 - 5 = ____
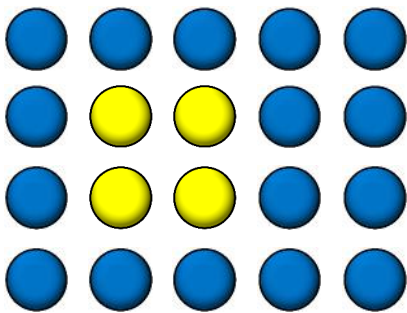

16 - 4 = ____

____ + 4 = 20

20 - 4 = ____

16 - 8 = ____
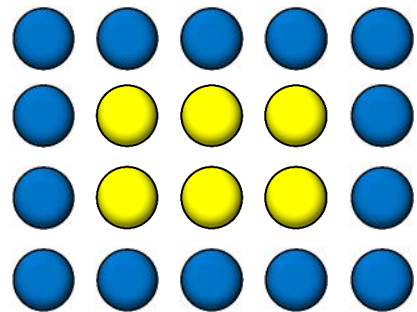

20 + 6 = ____

____ + 20 = 6

20 - 6 = ____

6 + ____ = 20

Answers

There are 20 balls. How many are blue? Circle the two equations that would help answer the question and write the answers.

$20 - 3 = 17$ (circled)

$20 + 3 = \underline{\quad}$

$17 + 3 = 20$ (circled)

$3 - 20 = \underline{\quad}$

$5 + 15 = 20$ (circled)

$3 + \underline{\quad} = 20$

$20 - 3 = \underline{\quad}$

$20 - 5 = 15$ (circled)

$16 - 4 = \underline{\quad}$

$16 + 4 = 20$ (circled)

$20 - 4 = 16$ (circled)

$16 - 8 = \underline{\quad}$

$20 + 6 = \underline{\quad}$

$\underline{\quad} + 20 = 6$

$20 - 6 = 14$ (circled)

$6 + 14 = 20$ (circled)
