### Grade 3 Reading Worksheet

#### **First, read the paragraph:**

My rabbit was sick today, so I took it to the vet. In the vet's waiting room, I saw so many different animals! A big, white dog with a fluffy tail walked around. A tiny dog with pointy ears and excited eyes followed the big dog. A black cat was asleep on a girl's lap, purring softly. Four colorful birds in a cage were singing and making lots of noise! A big fish tank on the wall was filled with fish of all sizes. It was a busy, happy place for both animals and people to wait!

#### **Then, draw a picture of what you read. Include all the details!**
