

Read and illustrate

Grade 3 Reading Worksheet

First, read the paragraph:

The Bug Fairy has one of the coolest jobs in the world. It can create bugs and bring them to life! This morning, it created a bug that had a body like a worm. It had 8 legs and a tail! It was purple and glow-in-the-dark! Has anyone ever seen a purple bug before? It also had four wings: two wings on each side. It could fly quickly through the air. If you ever see a purple flying worm, you can thank the Bug Fairy!

Then, draw a picture of what you read. Include all the details!
