

Shade structures

Grade 1 Science Worksheet

Which block of ice melts faster?

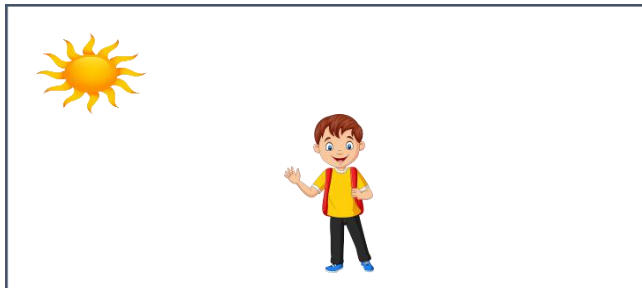

The sun sends us light and heat.

Which girl is hotter?

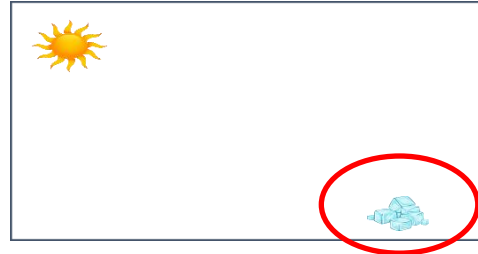

Draw something to make the boy cooler.

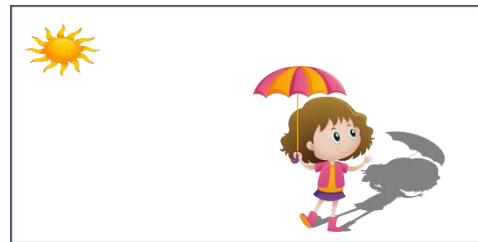

What makes better shade? An umbrella or a piece of glass? Why?

Answers

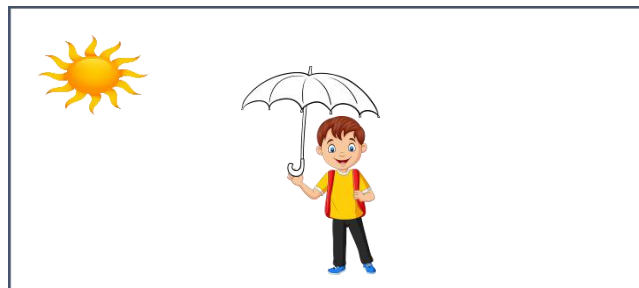

Which block of ice melts faster?

Which girl is hotter?

Draw something to make the boy cooler.

What makes better shade? An umbrella or a piece of glass? Why?

An umbrella makes better shade because it blocks the sunshine.
