

Write topic sentences

Grade 3 Writing Worksheet

Write a topic sentence for each of the paragraphs.

A topic sentence tells the reader the main idea or what your writing is mostly about. It is usually the first sentence in a paragraph.

My first reason for why I would become a monkey is because they are smart. If I were a monkey, I would still be able to think! My second reason for choosing to become a monkey is because they can swing from trees. I love the monkey bars and swinging from trees would be even more fun! My last reason for choosing to become a monkey is that they eat bananas. Bananas are my favorite fruit. It's therefore an easy choice: If I had to become one animal, I would choose to become a monkey!

First, you need to choose someone to be “It.” This person is in charge of trying to tag other people. Second, everyone starts running away from the person who is “It”! Thirdly, if the person who is “It” tags someone, this person becomes “It” instead. Now you can see that Tag has three main rules!

Answers

Answers may vary slightly.

1. I would be a monkey if I could become an animal.
2. There are three rules in the game of Tag.
